Absolute 50 Fly

AVAILABLE DELIVERY MAY 2018

The Absolute 50 Fly implements concepts and solutions typical of bigger luxury motor yachts. The IPS-600 systems provide best performances, low consumption, silent movement and absence of vibration.

Yesterday, comfort was only a word: today it has found its tangible expression in a space designed for seven guests. Indoor space's liveability is easier thanks to the sliding doors, the rounded edges of the furniture's finishes, the king sizes of the beds and the ease of the floors, almost without steps and differences in height. The night area includes three cabins for a total of six guests. Moreover, the fourth aft cabin can host both an expert sailor and a guest.

The living area offers a continuous sea landscape view and it is separated from the galley thanks to an electrical sliding glass. From a structural stairway, you can have access to the fly area that hosts a main sofa with dining room table, a side sofa and a sunbathing with three single reclining backrests. In addition, the wet bar includes sink, BBQ grill, icemaker and fridge.

The comfort marks also the space for the captain, whose driving seats (internal and fly ones) can have the double adjustable and reclining seat.

During the Boot Düsseldorf 2017, Absolute 50 Fly has won its first award, as [European Powerboat of](#)

[the Year](#) – above 45 feet. Just a few months later, it has also been awarded as [Asia Boating Awards](#)

winner – up to 55 feet. Two prestigious accolades that reconfirm the value and the quality of this *Made in Italy* product.

technische Daten
