Absolute 73 Navetta

NAVETTA 73 represents an important step forward for the ABSOLUTE YACHTS shipyard, not only in terms of dimensions, but above all because with this new flagship the award-winning Italian shipyard can finally express its full potential for innovation in the design and construction of spaces that they go beyond the expectations of even the most demanding user.

It is therefore no coincidence that at its first international appearance at the Cannes Yachting Festival in 2017 the NAVETTA 73 WAS AWARDED BY AN INTERNATIONAL JURY OF JOURNALISTS AND EXPERTS OF THE SECTOR AS THE MOST INNOVATIVE BOAT IN ITS CATEGORY.

It was not only thanks to the choice of the new Volvo penta IPS 1350 engine, which was able to push it to over 26 knots in a surreal silence, but also the dimensions of the Flybridge of 55 square meters that are developed without any steps to break the harmony of a space that is difficult to find even on much larger vessels and in particular the layout of the interiors with unique choices that made it possible to create a full-beam master cabin, but in the forward part and on a raised level compared to the guest cabins, which are three of which two double and one double, all with their very elegant bathroom ensuite.

So in addition to the four wonderful cabins, the NAVETTA 73 offers its guests a breathtaking view from the windows of the salon that have a breadth that make contact with the sea an experience to be enjoyed 365 days a year, while the crew can count on an area with private access from stern and that can accommodate up to three people.

Technical data

Length: 22.38 m

Draft: 1.45 m

Fuel tank: 4000 l

Cabins: 4

Bath: 4

Width: 5.58 m

Speed: 22 - 26 mph

Water tank: 1000 l

Beds: 8

Crew: 3 (2 cabins)
